PROGRAMMATIC

DAO.AD grouped the proven partners to give maximum opportunities for our users on traffic monetization

WE WORK WITH ALL AVAILABLE ADS FORMATS AS SSP AND DSP.

	● PUSH	● POPS	● VIDEO	● INPAGE	● NATIVE
SSP	+	+	+	+	+
DSP	+	+	+	+	+

As the **DSP**, DAO.AD buys and filters traffic through the self-developed high-technology anti-fraud and anti-bot system, which has no analogues on the market. As the **SSP**, DAO.AD sells already filtered high-quality clear traffic, carefully select and exclude bad sources, based on multiple results of quality and users opinions.

NO BOTS - HIGHER PROFIT

Almost from the beginning of our activity, we fought for the traffic quality, making our own anti-bot and anti-fraud system.

DAO anti-fraud system bases on the multiple values, to detect and destroy bots and blacklist fake traffic.

This system improves everyday, as the new bots and fraud types appears.
